Many funny songs here, ideal for children aged from 4 to 94 to sing along with. Some tracks were played on the Music 4000 keyboard by Monsters only 6 and 8 years old! Great 30 track fun disc.

Second Panda album by Phil. Lively tunes with plenty of melody and interesting instrument sounds.

Supported by full manual, the package is supplied on 2 discs. We haven't seen another Crossword program like it! Discs of puzzles available Summer 1990.
